**2018 SCHOOLS PROGRAMME 6TH – 16TH**

**NOVEMBER**

**[WWW.NZSCULPTUREONSHORE.CO.NZ](http://WWW.NZSCULPTUREONSHORE.CO.NZ)**

NZ Sculpture OnShore supports NZ Women's Refuge and since its inception has raised \$1.65 million for the charity. Thank you on behalf of the Friends of Women's Refuge Trust to all the schools and students who have contributed to the success of the event.

NZ Sculpture OnShore is delighted to deliver its School Tours Programme which is designed to inspire young Sculptors and Artists through the world of 3 dimensional art. The Programme offers children and teenagers the opportunity to experience the largest collection of outdoor sculptures in NZ. We hope to encourage children to develop an appreciation of sculpture and expand their own creative talents.

---

This programme has been developed over the course of NZ Sculpture OnShore's history and due to popular demand, it has been extended to offer eight days of opportunities for Auckland wide primary, intermediate and high schools to attend. The exhibition is staged on the stunning North Shore clifftop reserve at Fort Takapuna, Devonport.

The School Tours Programme is suitable for Years 3 – 13; whole class, small groups, art extension, gifted and talented, English language students or simply those keen to experience sculpture in an outdoor gallery.

---

Tour sessions are designed to accommodate primary, intermediate and high school groups of all sizes. Groups have access to the outdoor exhibition featuring 100 large scale artworks by established and emerging NZ artists.

Groups will also have access to the Children's Sculpture Exhibition held in the fascinating underground fort. Public access to this unique venue is only permitted once every two years during NZ Sculpture OnShore.

Any schools participating in the 2018 school tour programme will be given first right of refusal for participation the Children's Sculpture Exhibition for 2020. 16 schools have already been selected from the Auckland wide region to showcase their work in the 2018 Children's Sculpture Exhibition.

---

School groups are welcomed on site by our School Tours Programme team and briefed on how to make the most of their visit.

Education specialists create the programme which is tailored for varying student age groups. Teachers are provided with comprehensive teacher resources to encourage students to develop their responses to sculpture through interactive and informative activities. The pack includes suggested activities for pre-visit preparation, on-site exhibition tour discussion and post-visit follow up ideas. Teachers organise and lead their groups around the exhibition.

---

### Testimonials

*"We took our Enrichment Visual Arts group to the 2016 Sculpture Onshore Exhibition and they were absolutely enthralled. The discussion that was had by the children at each and every exhibit was a real privilege to be part of. A very inspirational experience outside of the classroom environment." Audrey Cadness, Teacher at Sunnynook Primary School.*

---

### Daily Plan

There are 2 session times on each week day of the exhibition.

Tuesday 6<sup>th</sup> – Friday 10<sup>th</sup>, Tuesday 14<sup>th</sup> –Friday 17<sup>th</sup>.

Note: the exhibition is closed on Mondays.
